

I will fill up a reusable water bottle instead of using the water fountain. I will not leave the tap running while I soap up my hands. I will reuse and recycle the paper I use for school projects and homework. I will make sure that my lunch is made in reusable containers and a reusable lunch bag. I will recycle all my drink boxes and bottles in reusable containers. I will compost my fruit and vegetable scraps when I am finished my lunch. I will take the bus at least once a week instead of asking for a ride to school. I will turn off the lights in my classroom when nobody is in the room. I will turn off the computer when I am not using it. I will ask my ride to school not to idle the vehicle when dropping me off or picking me up. I will fill up a reusable water bottle instead of using the water fountain. I will not leave the

One Simple Act will make a big impact!

It's easy to be environmentally friendly. In fact, it's simple.

Grade and Teacher:

A large white rectangular area with horizontal dotted lines, intended for writing the student's name and grade.

I am finished my lunch. I will take the bus at least once a week instead of asking for a ride to school. I will turn off the lights in my classroom when nobody is in the room. I will turn off the computer when I am not using it. I will ask my ride to school not to idle the vehicle when dropping me off or picking me up. I will fill up a reusable water bottle instead of using the water fountain. I will not leave the tap running while I soap up my hands.
